RailGate

What is *RailGate?*

RailGate is No.1 NTOCC in Europe targeting only Freight Forwarders as its customers. RailGate is 100% neutral and guarantees that it will never compete with Freight Forwarding companies. On the contrary - will always support them. RailGate customers will for sure increase their competitiveness.

RailGate

History and founders

Officially established in 2018 as the first NTOCC in Europe, RailGate has way deeper routes than it's official launch date. RailGate was founded by 4 leading NVOCC's specializing in neutral LCL Sea Freight consolidations and working exclusively for Freight Forwarding customers - Nordicon, Austromar, NVO Consolidation, Baltic Consol Line. Combined experience of all 4 companies is more than 50 years.
