

2021 China International Freight Forwarding & Logistics Top 100+Enterprises Virtual Business Connecting Event

Time: October 13rd to 15th 2021

Background

With the current coronavirus pandemic surging around the globe, the whole freight forwarding industry has experienced unprecedented hard time. But is still keeping their business moving ahead to forward the various kinds of epidemic prevention and control supplies and commodities to the people in need from every corner of the World without any standstill amid the difficult situation such as employee self-isolation, port blockade, city lockdown and so on.

The epidemic has changed our business model, and cloud conference and online meeting have become the major part of business communication and exchange in the industry.

Following the changing situation, China International Freight Forwarders Association (CIFA) has actively responded to call of the domestic and overseas trends and met the demand of its member enterprises by setting up a new platform in order to strengthen communication and cooperation between Chinese and foreign freight forwarders by bridging the world freight forwarding industry with their Chinese counterparts. With such goal in mind, 2021 China International Freight Forwarding and Logistics Top 100+Enterprises Virtual Business Connecting Event is hereby launched with grand opening, during which the "One-On-One meetings and Business Forum as well as Release Conference on 2020 China International Freight forwarding & logistics Industry Development Blue Book would be combined to be held at the same time thru both online and offline mode. Such combination platform of rich in content and tailor-made in arrangements shall become the focus and spotlight of the whole Industry home and abroad.
