Helpdesk launched

Dear Member,

We would like to inform you that the European Commission's Directorate-General for Financial Stability, Financial Services and Capital Markets Union (FISMA) has launched a new [EU Sanction Helpdesk](#). An information sheet on this new Commission service is attached for your reference.

The EU Sanctions Helpdesk is designed to help European operators, particularly SMEs, in complying with sanctions across the world. All UN and autonomous EU restrictive measures (sanctions) are covered by the Helpdesk.

The most important feature the website offers is the personalised Support Service. It provides direct, one-to-one exchanges with the COM expert team. [See how it works](#). The Sanctions Helpdesk team [creates and curates](#) guides, success stories, good practices, news, podcasts and they manage a [comprehensive list](#) of the most important EU and third-party resources to carry out sanctions due diligence. The EU Sanctions Helpdesk [regularly hosts and participates](#) in events, including trainings, conferences, seminars, and more.

To receive regular updates and news of events and publications, you can subscribe directly to the [site's newsletter](#).

Should you have any further questions please do not hesitate to contact us.

Kind regards,

Eva Cartwright
