IMPORTANT: Extra Volume discounts will be negotiated with regular customers.

All above prices:

- Include, Alsancak & Thessaloniki Port fees, Bunker Adjustment fees.
- Loading and Unloading of the trucks to the vessel shall be done by own means.
- Does not include weighing fees.
- Prices can change without prior notice and may vary due to exchange rates
- Prices for Complete Unit and Long Unit only include the driver's free ticket (paying only port charges)

Benefits of the line:

The ferry connection between Thessaloniki – Izmir, introduces some very important and key benefits for hauliers.

- Prompt and fast customs clearance procedures in Thessaloniki and Alsancak Port, compared to time spent on land borders.
- Availability of Phytopathological and Veterinary controls at Thessaloniki Port.
- Decreased overall time to final destination, that lead to more transports per week per truck.
- Avoid the wear and tear of the truck for more than 800km every trip
- Increase life span of trucks.
- Greener and more environmentally friendly transportation.
- Minimized risk of road accidents and reduced insurance fees.
- Zero driving hours in the tachograph for the driver, until Thessaloniki.
- Modern, luxurious, and relaxing accommodation areas for drivers.
